

A collection of decorative laminate samples. The samples include: a light wood-grain pattern; a dark wood-grain pattern; a light blue solid color; a multi-colored vertical stripe pattern; a light beige textured pattern; a dark brown wood-grain pattern; a dark grey pattern with a grid of circular perforations; and a dark brown wood-grain pattern. The samples are arranged in an overlapping, collage-like fashion.

Chemetal + Treefrog Veneer

SPACE 8-4029

Industry heavyweights
Chemetal and Treefrog have teamed up to produce the *InteriorArts* collection of high-pressure laminates. The 13 patterns are offered in a total of 74 options, each 4 by 8 feet, including wood looks, dimensional reliefs, and high-gloss finishes. Breathe easy: All are Greenguard-certified for Indoor Air Quality and Children & Schools.
